

Professional Fabric Protectant

FINISH

PROTECTS AGAINST SPILLAGES, MAKING THEM EASY TO WIPE CLEAN

PRODUCT DESCRIPTION

G3 Pro Fabric Protectant creates a durable barrier over freshly cleaned surfaces to repel dirt and grime. You only need to spray enough protectant onto the fabric so that it dampens the surface.

pH: 5 - 6

Silicones: yes

CREATES A DURABLE BARRIER

EASY APPLICATION

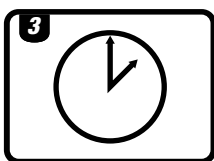

PROTECTS FRESHLY CLEANED FABRIC

Fabric must be cleaned, using **G3 Pro Multicleaner**, and dry

Shake well. Spray a light mist onto the fabric and allow to dry. It is advisable to spray high use areas first and more generously

Allow fabric to dry (ideally overnight) for the treated area to be fully protected. Drying times are climate dependent
